THE STATE OF THE CAMPAIGN.

Correspondence of The Evening Star.

NEW YORK, Sept. 25, 1892. Senator Frye has a month of hard work before him. He is to open his month of hard
work for the cause by a speech here in New
York on October 3. He goes thence to
Connecticut, where he will speak on the 5th,

The Iowa democrats still insist that their
states will be in the democratic column in Nowember. J. J. Richardson of that state, a member of the national committee, says in talking
of the situation there: "We will give the electoral vote of Iowa for Cleveland if the same

OTHER SPEAKERS. The outlines for the important speakership work in the republican campaign are pretty well laid out. Congressman Burrows will begin the Illinois oratorical campaign on October 10. while ex-Congressman Cutcheon will speak in Indiana on the 29th of the present month. Ex-Congressman Dunnell is to speak in Michigan, beginning October 7. J. Sloat Fassett is to open the Michigan campaign at Grand Rapids on the 27th. Ex-Congressman Guen-ther is to speak in Indiana on October 1 and in New York city on October 10. Ex-Congressman Lynch, now of the Treasury Departm is to speak in Wisconsin on the 27th and 28th, Michigan the 29th and 30th and October 1, and in Minnesota during the following week. There is evidently a determination on the part of the republicans to whoop things up from this time. BETTER OUTLOOK FOR REPUBLICANS.

The indications are that the situation is likely to improve, from the republican standpoint, from this time forward. Chairman Carter, who had a tremendous load on his shoulders and had heretofore attempted to carry more than his time and strength would permit, has now some able assistants who will be constantly with him. LITTLE REPUBLICAN "SHOW" IN SOUTH CAROLINA.

If ex-Congressman Miller of South Carolina is right in his view of the situation, and he probably is, the republicans stand a very poor show of success in South Carolina. According to his statement of the situation the laws are so fixed up as to make it practicable for those in power to absolutely disfranchise four-fifths of the voters if they choose to do so.

"The registration law of our state," said he, "puts it in the hands of the democrats to prevent the colored voter and the republicans generally from casting their balliots."
